

HIGH FLOW SERIES

FEATURES

5 to 8 GPM @ 3500 PSI

hotsy®

PRESSURE WASHERS / SINCE 1970

COLD WATER

GAS

BELT DRIVE

Transition from skid to cart design (with optional Flat-Free Tire Cart Kit) for versatile cold water cleaning applications and easy transportation. Add on the optional 100' capacity hose reel kit to keep hose safely stored and out of the way (shown with reel & mounting hardware)

Reliable **Honda GX** gasoline engines with three-year warranty

Rugged **stainless steel** cage

All High Flow Series models are equipped with **50-ft. high pressure hose** and a **12V battery**

Easy-to-attach **chemical injector** for easy application of soap

Skid Design for versatile cold water cleaning applications and easy transportation

Rubber Pad Feet absorb vibration and keep machine from "walking"

Flat-free tires on optional wheel kit

Belt Drive Pump - slower RPMs than a direct drive pump. Belt drive systems operate smoother, as the belt acts as a dampener for vibrations and pressure spikes

MODEL	PART NO.	GPM	PSI	ENGINE MODEL	CC	PUMP MODEL	DIM (LXWXH)	SHIP WT (LBS)
HHD 5/30 G	1.107-377.0	5.0	3000	Honda GX630	688	6036R	50" X 40" X 58"	426

NOTE: We are constantly improving and updating our products. Consequently, pictures, features & specifications in this brochure may differ slightly from current models. Flow rates & pressure ratings may vary due to variances allowed by manufacturers of our machine components. We meet the CETA testing specs for machine performance at +_10% and in some cases are tighter within +_ 5% of listed specifications.

Specifications & product descriptions subject to change without notice. Hotsy's manufacturing facilities have established and apply a quality and environmental management system to be ISO 9001:2008 and ISO 14001:2001 certified.
