Bulk Pak for Cost Savings

Ask your Hotsy Distributor how you can arrange to have your Hotsy Detergent supplied on a regular monthly schedule, pumped into your own HOTSY BULK PAK container, that's plumbed directly to your pressure washers. It's convenient, dependable, clean and efficient.

SAVE TIME, by having a regular monthly service call! SAVE MONEY with our low bulk rates! SAVE the INCONVENIENCE of disposing of empty 55-gallon drums.

Spend some time with a Hotsy Expert

Hotsy has more than 160 local distributors in North America, all factory-trained to properly evaluate your high-pressure cleaning needs.

Over 80% of Hotsy's distributors have been supporting Hotsy systems for more than 20 years.

Your local Hotsy dealer will recommend the best detergent to solve your toughest cleaning problem.

POLISHED ALUMINUM & STAINLESS STEEL Specifications

Formulation: INDUSTRIAL ONLY. Hotsy Polished Aluminum Cleaner is a non-etching ready to use biodegradable acid detergent for use on polished aluminum, aluminum and stainless steel surfaces. This cleaner is a precise blend of acids, inhibitors and surfactants that are highly effective at removing dirt, grease, oil, road film, oxidation, diesel smoke, corrosion and welding smut. It is designed to help restore and protect highly polished aluminum and stainless steel surfaces.
